EXPEDITIONARY CRUISE SECURITY SERVICES

More than simply guards!

Neptune's Expeditionary Cruise security services are more than simply guards! Our security services are wide ranging – from overt or discreet armed and unarmed guards and security advisors to the delivery of intelligence reports or security risk assessments of your transit routes, any ports that you may call on, and inland tour locations. We also provide travel risk management and security related training and capacity building.

Furthermore, our team continually look to provide services that are relevant and matter. Noting your legal obligations under SOLAS, to assist migrants or indeed any vessel in distress, Neptune has developed an automated online guide to migrant handling which is essential reading for any Ships Master and their crew.

Our Expeditionary Cruise security services includes the following:

- Armed (or unarmed) security guards and advisors
- Anti Piracy and Discreet Counter-terrorism deterrence
- Security Risk Assessment
- Intelligence Reports
- Training
 - Migrant handling – automated online training
 - Security Awareness in Foreign Environments (SAFE)
 - Ship Security Officer (SSO) training
 - Crisis Management and Emergency Response
